To Whom It May Concern

Eligibility for S Pass

KHINE ZAR THWE (MXXXX033W) has graduated from Singapore Polytechnic and has a Ministry of Education (MOE) bond obligation to serve in Singapore.

This letter serves to inform you that the Singapore Government will exercise flexibility in the assessment of the S Pass application of KHINE ZAR THWE. You should also use the Self-Assessment Tool on the Ministry of Manpower's website for an indicative assessment on whether the applicant qualifies for an S Pass. If your company finds this graduate suitable for a position and makes an S Pass application to the Ministry of Manpower (MOM), the necessary work pass arrangements will be facilitated after receiving your submitted application. This is subject to the qualifying notes overleaf (as attached), which includes complying with the Fair Consideration Framework.

This letter is supported by the Ministry of Manpower and is valid for 12 months from the date of graduation or date of issue, whichever is later.

You may email Singapore Polytechnic at contactus@sp.edu.sg for clarifications.

Thank you.

Yours sincerely

Qualifying notes:

1. The applicant named overleaf is eligible to apply for an S Pass if he/she:
 - (a) secures full-time employment in a company of good standing in Singapore;
 - (b) submits an application for S Pass together with certified copies of educational certificates;
 - (c) is not on Government agencies' adverse record.
2. The employing company should ensure it has available mainstream quota and sub- quota to hire the applicant.
3. Professionals such as nurses, therapists etc. have to register with the relevant professional regulatory body before they are allowed to practise their profession in Singapore. Those who intend to practise their profession would have to seek registration before the S Pass is issued.
